Portfolio: <https://dev-ambassador.vercel.app/>

Full Stack Software Engineer experienced in building scalable and responsive web applications using modern frameworks and languages. Skilled in both front-end and back-end development, with expertise in debugging, performance optimization, and delivering user-focused solutions. Strong problem-solver with a track record of creating efficient, high quality digital products.

Key Skills

- Full Stack Development (JavaScript, React, Node.js, etc.) -
- Web Application Development & Deployment -
- Git & Version Control -
- UI/UX Enhancements & Frontend Optimization -
- Problem-Solving & Critical Thinking -
- Team Collaboration & Leadership -
- Agile/Scrum Workflow Experience -

Professional Experience

Front End Developer

paywithchangee, Remote | March 2025 – August 2025

- Utilized React, TailwindCSS, and API Integrations to create visually appealing and responsive web pages that met client requirements.
- Coded using React, TailwindCSS, and JavaScript to develop features for both mobile and desktop platforms.
- Worked closely with UX/UI designers to translate their designs into functional web applications.
- Utilized version control systems such as Git to track changes throughout the development process.
- Collaborated with back-end developers to improve website functionality and integrate new features.
- Optimized site content for mobile devices using responsive design techniques.

Education

National Diploma in Computer Science

Osun State Polytechnic , Iree, Osun State | January 2021 – November 2023

- Student Representative Council, NACOS
- Certification Awarded with Appreciation

Professional Training in Software Engineering

SQI College of ICT, Ibadan, Oyo State, Nigeria | January 2024 – July 2024

- Captain of January Cohort

Bachelor of Science in Software Engineering

Lead City University , Ibadan, Oyo State, Nigeria | September 2024 – Present

- Member of Google Developers Students Club, 2025 till Present.

Accomplishments

Co-Founder – The Big 8 (2025 – Present)

- Part of the founding team of **The Big 8**, a collective initiative focused on building innovative software solutions and digital products.
- Collaborated with co-founders to design and develop scalable web applications using modern frameworks and tools.
- Contributed to project planning, technical execution, and product deployment to ensure user-focused and high-quality outcomes.
- Engaged in collective decision-making and teamwork to drive efficiency, problem-solving, and continuous improvement.
